Agreements and Representations. If this Application is accepted and executed by Superior Energy Company ("Company"), this Application shall be a contract between Customer and the Company for the term specified in the rules, regulations and rates of the Company and supplements and revisions from time to time in effect, in accordance with the following:

1. Gas service to the premises identified above shall be initiated by the Company when its gas transmission and distribution system is sufficiently complete and in operation and all necessary connections, installations and tests at said premises have been made and successfully completed. The customer will be charged for natural gas usage as set forth in the company's Rules, Regulations and Rates as discussed in paragraph 2 below. Upon installation of the service line and natural gas meter, a monthly customer service charge***will begin.
2. The terms and conditions of gas service furnished by Company to Customer shall be as set forth in the rules, regulations and rates of the Company and supplements and revisions, as from time to time in effect, and gas service shall be subject to discontinuance and to termination as provided therein. The rules, regulations and rates of the Company and supplements and revisions, as from time to time in effect, are incorporated by reference as part of this contract. Copies of the rules, regulations and rates, supplements and revisions shall be filed in the office of the City or Township Clerk and/or are available upon request.
3. Customer agrees to pay the Company for gas service furnished by the Company to the premises identified above, in accordance with the applicable rules, regulations and rates of the Company and supplements and revisions, as from time to time in effect.
4. Customer represents that the information set forth above is true and correct as of the date of this Application. In the event of any change in the use or ownership of the premises identified above or in the use of gas furnished, Customer shall promptly notify the Company.
5. Customer is solely responsible for final restoration of their property after installation of natural gas service.
6. Customer is solely responsible for damage or destruction to all unmarked private buried utilities or other facilities, including, but not limited to, water lines, septic lines, electric lines, lawn sprinkler systems, wells, ornaments, plants, drainage systems, etc.
7. A reconnect fee of \$85.00 will be charged whenever it is necessary to reestablish service to a dwelling that has been disconnected at the request of the customer or for lack of payment.
8. Company may decide, in its sole discretion, not to provide gas service to the customer based upon credit worthiness or any other criteria set forth in the Company's Rules, Regulations and Rates incorporated by reference to this agreement.
9. Personal Guaranty – The undersigned agrees to be personally obligated and personally guaranties payment of any delinquent amounts plus the time-price differential and any reasonable attorney fees or collection costs should the account become delinquent. This a guaranty of payment and does not require an independent collection against the business. Should any action be brought, the guarantor may be sued simultaneously with the business entity. It is understood that this is a personal guaranty and not a corporate guaranty. It is understood that this is a signature of an individual who is signing in his/her individual capacity, regardless of whether the individual has a title as an agent of the business.

SEC maintains all buried piping up to your gas meter. SEC does not maintain any piping, buried or otherwise beyond the meter. Any buried piping beyond the meter should be periodically inspected for corrosion (if the piping is metallic) and leaks and repaired, if any unsafe condition is discovered, and located by hand before excavating near it. SEC, plumbers or heating contractors can assist with these tasks if necessary.

***The amount of the customer service charge may vary depending upon the nature of your gas usage, i.e., commercial or residential. See Company for details.

Indicate North Direction with Arrow

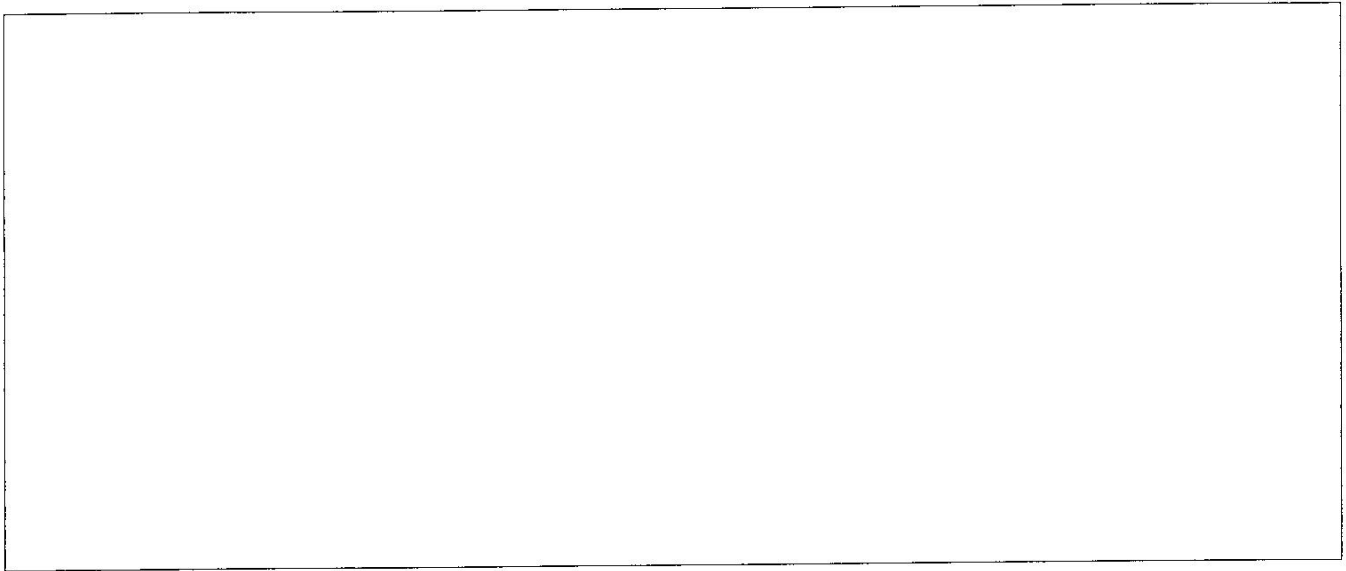

Indicate House Front

Indicate Residence Street _____

Be sure to include in your drawing:

A = Measurement (in feet) from corner of building to meter location. _____ ft

B = Total measurement (in feet) from property line to meter location. _____ ft

Have you completed the following information on "Your Drawing" or Attached Site Plan?

- _____ Measurements A and B
- _____ Location of Driveway and Garage, Paved Areas
- _____ Other Underground Facilities (Septic System, Electric, Etc.)
- _____ Nearest Side Street or Road
- _____ Noted the North Directional Arrow
